April, May, June 2019 Edition

Hi everyone,

Carewise has some great trips ahead for you, including our first ever visit to Bideford Amateur Shooting Club where you can learn to shoot safely under the supervision of qualified and experienced coaches. With return visits to The Milky Way and Stowford Farm, there's lots of fun to be had so make your choices and send in your consent forms for consideration.

Please remember to check your diaries before you send in your consent forms and, if unwell or unable to go, it's really important to let Jim know ASAP so opportunities can be offered to other children. Thank you.

Saturday 27th April - under 12s
